COVID-19 UPDATE - What we are doing to ensure your safety...

Here is some information for our patients on what we are doing as a practice to help ensure your safety. Please follow these rules:

- **If you are experiencing any symptoms of cold / flu**, returned from overseas or interstate travel in the past 14 days, or had contact with a confirmed or suspected case of COVID-19 in the past 14 days, **please call us to reschedule your appointment.**
- Upon your arrival you will find that our doors are locked. Please ring the doorbell, stand back from the automatic doors and wait patiently to be let in. We will take your temperature and direct you to the hand sanitizing station to use the **alcohol-based hand sanitizer to rub your hands for a minimum of 20 seconds.**
- We recommend that you **do not to arrive early** for your appointment. If you do arrive early, we kindly ask that you wait in your car until your appointment time.
- We recommend that you **attend your appointment alone** or only bring minimal additional people.
- **Stay 1.5m away from others.**
- Seating will be adjusted to ensure social **distancing between seats.**
